FREEDOM OF INFORMATION REQUEST REFERENCE NO: GSA 2932/23

I write in connection with your request for information dated 8/06/23, received by Greater Manchester Police (GMP) for the following information:

I would like to request data on the number of hate crimes or alleged hate crimes against an individual's gender identity reported to your Force in the years 2021 to 2023.

The Office for National Statistics records these reports on a yearly basis, nationally, however I would like these results by month.

If possible, I would like the data to be broken down by the number of reports each month between March 2021 and March 2023 as rows, as well as a column for each possible outcome (investigation ongoing, case closed no conviction or case closed conviction, etc) which contains the breakdown for this number as well as a final total, showing the full number of reports for each month.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Please see the attached spreadsheet for the requested information, noting the below caveats.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a created date between 1st March 2021 and 31st March 2023, where the transgender hate motivation flag is equal to Yes, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Non-crime hate incidents are not included in the data.
- The crime outcome has been provided as requested. A crime outcome of 'Missing Value' means that an outcome has not yet been applied.
