Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains hate incidents with a created date between 14th March 2022 and 14th March 2023, excluding cancelled records. Further information about cancellations can be obtained from the Home Office Counting Rules.
- The five hate motivations have been provided. Hate incidents may have more than one motivation e.g. race and religion. This means that the numbers for each motivation will add up to more than the total number of hate incidents.
