FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/23/004424/J

I write in connection with your request for information dated 10/07/2023, I note you seek access to the following information:

- 1. I would like to know the crime statistics for the last 5 years for schools in your force area (spilt state/ex state and independent schools).*
- 2. Specifically I would like to know, assault, burglary (non domestic), burglary (going equipped to steal), criminal damage, criminal damage (arson), fraud by abuse of position, possession of offensive weapons (non firearms), possession of a firearm, public order.*

Clarification received on 10/08/2023 on the location search

Nursery, playground, school. If you cannot split between ex-state and independent that is fine and I would accept the data for all schools within the Greater Manchester Police force area.

Result of Searches

Following receipt of your request, searches were conducted within Greater Manchester Police to locate information relevant to your request. I can confirm that the information you have requested is held by Greater Manchester Police.

Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a created date between 1st January 2018 and 31st December 2022 where one of the MO keywords is in the list below, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. The MO keywords are not mandatory and may not be

completed. These fields may include locations that are not relevant to this request e.g. Playground may be used for crimes that occurred at nurseries.

- Location - Educational Establishment - School
- Location - Educational Establishment – Playground
- Location - Educational Establishment – Nursery
- The Crime Latest Classification have been provided for question 2. There may be more than one Crime Latest Classification attached to a crime and for this reason, the number of Crime Latest Classification count is not the same as the number of crime count (crime count is provided in Question 1).
