I write in connection with your request for information dated 18/07/2023, received by Greater Manchester Police (GMP) for the following information:

Under the Freedom of Information Act, I kindly request the data on domestic abuse-related incidents (did not get recorded as a crime), broken down by local authority and financial year from 2015 to 2020.

Also, I am aware that Greater Manchester Police implemented a new IT systems in 2019. Therefore, if it is more feasible, I would also appreciate receiving data for the years available in your system at your convenience.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

The period considered is 17/07/2019-31/03/2023 rather than the requested period due to the GMP System change, as acknowledged in your request. The data has been displayed by both month & financial year.

The month relates to when the Incident/ Crime was recorded and not when the incident occurred.

Where possible duplicates have been removed.
