FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/23/011074/A

I write in connection with your request for information dated 19/07/2023, received by Greater Manchester Police (GMP) for the following information:

Please can you send me details of any AI tool you are using which potentially falls under the Cabinet Office's Algorithmic Transparency Reporting Standard? To be clear, that is any algorithmic tool which:

EITHER

Has a significant influence on a decision-making process with direct or indirect public effect
OR

Directly interacts with the general public

The definition of the standard is listed here, along with examples of projects that have already been reported: <https://www.gov.uk/government/collections/algorithmic-transparency-reports>

Potential public effects include:

If the tool materially affects individuals, organisations or groups

If it has a legal, economic, or similar impact on individuals, organisations or groups

If it affects procedural or substantive rights

If it impacts eligibility for, receipt of, or denial of a programme

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police to locate information relevant to your request. I can confirm that no tools matching the above criteria are used.
