Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

The crime grand total is all the crimes counted based on the relevant crime reference HO Code for the period 01/01/2019-30/06/2023.

The month relates to when the crime was recorded and not when the incident occurred.

Where possible duplicates have been removed.

Response - Please see attached spreadsheet for data.
