FREEDOM OF INFORMATION REQUEST REFERENCE NO: GSA 2402/23

I write in connection with your request for information dated 09/05/2023, received by Greater Manchester Police (GMP) for the following information:

Please could you provide me with the number of disability-related hate crimes reported between 1st January 2019 and 31st December 2019, broken down by the day they were reported.

To be clear, I would like the total number for each day separately, so a sample dataset could have every date in 2019 in the first column and the number of reports made in the second column. If you could provide this in excel, or other spreadsheet, format, that would be great.

Additionally, if possible, could you further break down these numbers into offence type (public order, violence against the person with injury, violence against the person without injury, stalking, harassment, criminal damage, arson, other etc.). I would also like this data at a daily level. However, if that is not possible, then I would still like the first half of the request.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 1st January 2019 and 31st December 2019, where the disability hate motivation flag is equal to Yes, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.

Non-crime hate incidents are not included in the data.

Dates that are not included in the attached spreadsheet had no such offences reported.

The data you have requested in in the attached spreadsheet.
