Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing – the systems are in continual development and the data provided for this request is what the systems currently hold.

This data is based on a search for all rapes offences recorded between 01/01/2020 – 15/12/2023 inclusive. The data was then filtered on the 'crime location' fields using the key word 'hospital'.
