Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

Some crimes and incidents do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.

The below searches were conducted, and both returned zero results.

- Anti-social behaviour incidents where the location postcode is OL8 3QL or OL83QL with a created date between 1st January 2023 and 31st March 2023, excluding incidents with a closing code of L10 Duplicate, L19 Error or L22 Test or training.
