Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 1st January 2023 and 20th September 2023, where the post code is either: M1 6NE, M16NE, M1 5EJ or M15EJ, and the address fields contains the keywords 'NCP', 'car park' or 'carpark', excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.

Please note that the keyword methodology does not account for spelling errors.

We are aware of various issues affecting committed at locations for some crimes. These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.

Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.

The address recorded may not be where the crime happened e.g. where the crime happened in the street and the address was used as a reference point.

There may be more than one variation of the same address.
