FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/012312/U

I write in connection with your request for information dated 14/03/2024, received by Greater Manchester Police (GMP) for the following information:

The data I require is for the Redvales policing area, preferably over the past 3 years.

Please provide just the crime types and numbers of recorded incidents between January 1st 2020 and December 31st 2023 in the Redvales area

***If 3 years stats is too onerous then 12 months stats from Jan-Dec 2023 will suffice.
Similar stats/style used on 01/FOI/23/011337/E***

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats.

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with the beat N1H1 'Redvales' with a created date between 1st January 2020 and 31st December 2023, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
- We are aware of various system issues affecting committed at locations for new and migrated crimes (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.

- Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. communities.
- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.
- Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.

Please note:

- The address recorded may not be where the crime happened e.g. where the crime happened in the street and the address was used as a reference point.

Due to some low returned results, some totals have been replaced with X, as by providing all this information would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
