

Date: 04/04/2024

Our ref: 01/FOI/24/012330/W

FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/012330/W

I write in connection with your request for information dated 18/03/2024, received by Greater Manchester Police (GMP) for the following information:

Previously I have requested the crime statistics for Bolton, this has then been kindly provided to me, as the statistics are not available online or on the police website. Please can I be provided with the latest crime statistics for all of Greater Manchester divided into each local authority for the period of today (latest information available) going back to 2022.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a created-on date between 01/01/2022 and 18/03/2024, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
- We are aware of various system issues affecting committed at locations for new and migrated crimes (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
 - Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
 - Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.

- We are aware of a system issue that allows more than one committed at address to be added to a crime, which is incorrect as stated in the Home Office Counting Rules. This issue affects 355 crimes in this response.

Due to some low returned results, some totals have been replaced with X, as by providing all this information would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.

Response.

Please see the attached document containing the data required.
