CAVEATS

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 11/06/2023 and 11/06/2024, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.

This data contains crimes where the crime description or crime MO description contains 'Location', 'Conveyance' and 'Bus', excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Please note:

- The keyword methodology does not account for spelling errors.
- The appearance of the keywords in the text fields does not necessarily mean that records are relevant to this request.
- There can be more than one MO keyword attached to a crime.
- The MO keywords are not mandatory and may not be completed.
- Some offences may only be available for part of this time period i.e. they may have started or stopped being used during this period.
- Age has been calculated using the crime committed date and the person date of birth. Please note:
 - The crime committed date may be different to other dates e.g. reported or created.
 - The crime committed date may be recorded as a range where the crime occurred over a period of time or where it is not possible to say exactly when it occurred. In these cases, the first date in the range has been used for the calculation.
 - Age cannot be calculated where the crime committed date and/or person date of birth has not been recorded.
 - The calculated age may be incorrect where the person date of birth has been recorded incorrectly.
- We are aware of an issue affecting **suspect outcomes for some crimes with more than one suspect attached**. This issue means that the outcome shown for some suspects attached to some crimes may be incorrect.
 - There may be more than one suspect attached to a crime. Suspects may be attached to more than one crime during this time period, which means that the data cannot be used to identify the number of unique suspects.
 - Suspects have been included even if no action has been taken against them e.g. eliminated, insufficient evidence, wanted.
- There are crimes in this response with no victim attached. These may be state based crimes (which do not need a victim), crimes where the victim has not been identified, or they may be errors.
 - We are aware of an issue that allows more than one victim to be attached to a crime, which is incorrect as stated in the Home Office Counting Rules.
