FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/24/013101/P

I write in connection with your request for information dated 12/08/2024, received by Greater Manchester Police (GMP) for the following information:

I am trying to find information about Rochdale Police policies regarding speed cameras the only information i can find online is this statement on West Yorkshire Police web site

There is nothing in law that states that any speed camera device, whether fixed or mobile, must be marked in any way, signed or at a particular position. There are codes of practice and best practice guides that are set by police forces themselves but these are policies rather than law.

So im trying to find out these policies for Rochdale Police

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is not held by GMP.

Whilst enforcement of offences captured by speed cameras within Greater Manchester falls to GMP, the policies relating to how the locations for cameras are determined, enforcement signage, marking of cameras and any legislative requirements are the responsibility of Safer Roads GM Partnership at Transport for Greater Manchester (TfGM). For the information you are requesting you will need to direct your request to TfGM.
