FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/013703/J

I write in connection with your request for information dated 24/11/2024, received by Greater Manchester Police (GMP) for the following information:

I would like to request the following information under the Freedom of Information Act 2000:

- 1. How many reports of rape offences (home office codes – 019/08, 019/10, 019/12, 019/14) have you received from January 1st, 2020, to September 1st, 2024?**
- 2. Please can you also provide the age of the victim for each of these reported offences?**
- 3. Please can you provide the outcome for each of these rape offences that have been reported between the set dates under the specific home office codes?**
- 4. Please can the information above be presented in an Excel Spreadsheet.**

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats.

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

1. The crime grand total is all the crimes counted based on the crime reference HO Codes on the 'HO Codes Used' tab for the period 01/01/2020-01/09/2024.
2. The month relates to when the crime was recorded and not when the incident occurred.
3. Where possible duplicates have been removed
4. Data provided for question 3 is for all the outcomes for each year. To provide this under each HO code would trigger S40 being applied due to low results and therefore would be refused.

Due to some low results, the suspects ages have been merged together as by providing all this information split by individual ages as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By merging this data, it can be provided in its entirety.

Due to some low results, some information has been replaced with X, as by providing all this information as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
