Caveats:

**In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.**

- This data contains crimes with a community name of Rusholme with a created date between 1<sup>st</sup> November 2024 and 30<sup>th</sup> November 2024, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.

- We are aware of various system issues affecting **committed at locations for new and migrated crimes** (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
  - Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
  - Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.
  - Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.
