FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/011972/U

I write in connection with your request for information dated 17/01/2024, received by Greater Manchester Police (GMP) for the following information:

I would like to know the statistics for night time crime in Manchester, from the last ten years, with the data for each individual year please. I would also like to know which crimes they were.

Clarification - I meant midnight to 6am.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes that do not have district equalling 'out of Force' with a committed from date between 1st January 2014 and 31st December 2023 and a committed from time hour between 0 and 5, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
- Management of Police Information regulations state that non-essential records should be removed from police systems six financial years after the year in which they were originally created. This means that data that is more than six financial years old may be incomplete and should not be compared to more recent data.

- We are aware of various system issues affecting committed at locations for new and migrated crimes. These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
 - Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
 - Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.
- The crime committed date/time may be different to other dates/times e.g. reported or created.
- The crime committed date/time may be recorded as a range where the crime occurred over a period of time or where it is not possible to say exactly when it occurred. In these cases, the first date in the range has been used. We have used crime committed from time to capture 'night' as defined by the requestor between 00:00 and 05:59, however the committed to time may be outside of this range.
-

Crime Latest Classification : Crime Tree Level Four	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
