FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/012870/T

I write in connection with your request for information dated 01/07/2024, I note you seek access to the following information:

1. How many hit and run incidents has the force recorded in the last three years [between April 6- April 5 2021/22, 2022/23, 2023/23]?

1a) Of those, how many resulted in casualties and what was the severity of the casualty?

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police to locate information relevant to your request. I can confirm that the information you have requested is held by Greater Manchester Police.

Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- The below data refer to injury collisions. Non-injury might not be recorded on the system (there is no requirement for GMP to record non injury), therefore the figures provided will be reported **injury** collisions.

Please note the information listed below has been exempted from disclosure under **Section 40(2) Personal Information** – this information constitutes personal data of an identifiable living individual, and to disclose this information would breach the principles of the General Data Protection Regulation (GDPR) and the Data Protection Act 2018. Personal data is defined by

Section 1 of the Data Protection Act 1998 and means data that relates to an individual who can be identified directly or indirectly from that data.

- Incomplete month data – I have provided data for 1st April to 31st March instead
- The figure marked 'X' – due to number value is lower than 5
