FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/24/012749/T

I write in connection with your request for information dated 06/06/2024, received by Greater Manchester Police (GMP) for the following information:

I've been instructed on another proposed residential development at Pitsford Road, Monsall (Monsall Neighbourhood policing area).

Can I please ask you to provide the crime types and numbers of recorded incidents between April 1st 2021 and April 30th 2024 in the Monsall policing area. If April 2024 figures aren't currently available, then up to the latest date you have will suffice.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes recorded under beat 'Monsall' with a created date between 01/04/2021 and 30/04/2024 excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
- We are aware of various system issues affecting committed at locations for new and migrated crimes (see below for details. These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
 - Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.

- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.
- Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.
- We are aware of a system issue that allows more than one committed at address to be added to a crime, which is incorrect as stated in the Home Office Counting Rules.
 - The address recorded may not be where the crime happened e.g. where the crime happened in the street and the address was used as a reference point.
 - There may be more than one variation of the same address.
 - The address may need to be redacted before the data is released to the requester.

Due to some low returned results, some totals have been replaced with X, as by providing all this information would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
