FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/25/015815/X

I write in connection with your request for information dated 10/11/2025, received by Greater Manchester Police (GMP) for the following information:

I'm writing today regarding some information on the trends of crime. I noticed that you did a prior FOI request regarding the race/ethnicity of rape offenders in the Greater Manchester area from 2016-2023:

[foi-24.013588.y-total-oso-other-sexual-offences-and-rape-cases-by-ethnicity-and-outcomes-1-8-for-years-2016-2023.pdf](#)

So what I was looking for was a potential expansion of that if you are able. Are you able to provide me a more detailed race/ethnic breakdown of victims of rape (not just minor sex offences) along with the race/ethnicity of those who attacked them (e.g. white-on-black, black-on-white, asian-on-white e.g.). Essentially, something like this FBI table from the United States.

[Screenshot-2025-11-08-at-23-07-16.png \(1942×1518\)](#)

If possible, the past 5 years at maximum would be fine, or simply the most recent data you're able to include. If possible I'd also like to have separate tables based on the relationship between the victim and offender (e.g. stranger, acquaintance, relative, all relationships).

If you are not able to provide all this data then I understand, but it would be gladly appreciated if you could give me as much info as requested.

In response to a FOI request I made earlier regarding the racial/ethnic demographics for rape offences, I was also wondering if in addition to the whole of Greater Manchester, it was also possible to provide all this info (ethnicity data, offender/victim relationship, under 18/over 18) separately for just the City of Manchester?

Sorry to request so much, but as much info as you can provide on the matter would be gladly appreciated.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate information relevant to your request. I can confirm that the information you have requested is held by GMP.

CAVEATS

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

The crime totals is the volume of victims of rape crimes using Police Defined Ethnicity (PDE) & the Offender PDE for the period 01/11/2021-31/10/2025 (the last full 5 years as requested).

Where possible duplicates have been removed.

The data is based on the date the crime was created and not when the crime was committed.

The following three tables are the data for Greater Manchester as a whole.
