We are aware of various issues affecting committed at locations for some crimes. These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.

- Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.

- Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.
