Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate information relevant to your request. I can confirm that the information you have requested is held by GMP.

CAVEATS

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a created date between 1st April 2018 and 31st March 2024, excluding cancelled crimes, where the following MO keywords were selected. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
 - MO keyword = 'location', MO category = 'surgery', and MO sub category = 'doctor'
- Management of Police Information regulations state that non-essential records should be removed from police systems six financial years after the year in which they were originally created. This means that data that is more than six financial years old may be incomplete and should not be compared to more recent data.
- The MO keywords are not mandatory and may not be completed.

Due to low numbers being returned for some crimes, some of the totals have been replaced with X, as by providing exact figures as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
