FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/25/015070/G

I write in connection with your request for information dated 07/07/2025, received by Greater Manchester Police (GMP) for the following information:

1- the list of all the police stations, with their exact locations, which are currently operational and can be accessed by the public. The list should also include whether the stations have an operating front desk and whether the stations have been opened since 2009

2 - the list of all police stations closed since 2008, with their dates of closure (month-year), and the exact locations of these stations. The list should also include whether the stations had their front desk closed or not and whether the stations have been sold or not.

CLARIFICATION

To make the data as clear as possible, I would prefer to receive a list of all police stations currently operational and accessible to the public, including:

- Exact location/address.***
- Whether they have an operating front desk.***
- Date of opening: only if they were opened after January 2009; if opened before this, it can be indicated as "prior to 2009" or left blank — but only if this information is available. If not, a simple "yes" or "no" indicating whether they opened after 2009 would be fine.***

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Please see below all current operational police stations accessible to the public. All the below stations have an enquiry counter.
