FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/25/014810/O

I write in connection with your request for information dated 21/05/2025, received by Greater Manchester Police (GMP) for the following information:

Can I please request local crime statistics for the area of Rusholme for February 2025 (1st - 28th)?

We are a residential children's home and are required by Ofsted to keep our location risk assessment up to date to ensure that the children we look after are kept safe at all times.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a community name of Rusholme with a created date between 1st February 2025 and 28th February 2025, excluding cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.
- We are aware of various system issues affecting committed at locations for new and migrated crimes (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
 - Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.

- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.
- Some crimes do not have an address because e.g. the address has been recorded in a non-standard format or as map coordinates.

Due to low numbers being returned, some of the totals have been replaced with X, as by providing all this information as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
