I write in connection with your request for information dated 15/04/2025, received by Greater Manchester Police (GMP) for the following information:

I am researching repeat victimisation and how we are dealing with this and if there are any gaps that we can fulfil.

At this time, I am looking to collect data from police forces about their current repeat victimisation rates. I would like the number of Repeat Victims between April 2024 and April 2025, and what percentage of domestic incidents that this equates to.

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.
