FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/25/015780/D

I write in connection with your request for information dated 04/11/2025, received by Greater Manchester Police (GMP) for the following information:

Under the Freedom of Information Act 2000, please provide the following information for the period 5 November 2024 up to and including 4 November 2025.

For each of the offence codes listed below, please provide information on the ten dates within that 12-month period on which the highest number of offences of each code were recorded (i.e. the ten calendar dates with the largest daily counts), together with the number of offences recorded on each of those dates:

126: Interfering with a motor vehicle

37.2: Aggravated vehicle taking

45: Theft from a vehicle

48: Theft or unauthorised taking of motor vehicle

58C: Criminal damage to a vehicle

58G: Racially or religiously aggravated criminal damage to a vehicle

Please provide the data in CSV or Excel format if possible, with columns: Offence code, Offence description, Date (DD/MM/YYYY), Number of offences on date, (and) Location / Borough (if available).

If your systems do not produce daily aggregated counts, please instead provide the daily counts for each date in the period (so I can identify the top ten myself).

If there are fewer than ten dates for any given offence code in the period, please supply all available dates. Please include tied dates as two separate entries.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information. I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 5th November 2024 and 4th November 2025, where the crime classification is either 126, 37/2, 45, 48, 58C, or 58G, excluding cancelled crimes and crimes classified as fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

We have provided data for the 10 dates with the largest volumes of each classification. We have provided more than 10 dates if there were multiple dates with the same volume of crimes.

Due to low numbers per date, the location breakdown has been exempted from disclosure under Section 40(2) Personal Information – this information constitutes personal data of an identifiable living individual, and to disclose this information would breach the principles of the General Data Protection Regulation (GDPR) and the Data Protection Act 2018. Personal data is defined by Section 1 of the Data Protection Act 2018 and means data that relates to an individual who can be identified directly or indirectly from that data.
