FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/25/015573/Y

I write in connection with your request for information dated 01/10/2025, received by Greater Manchester Police (GMP) for the following information:

I've been instructed to produce a Crime Impact Statement to support a planning application for a residential scheme on land at Jacksons Lane, Hazel Grove, Stockport, which I believe lies in the Stepping Hill and Davenport neighbourhood policing area.

Can I please ask you to provide the crime types and numbers of recorded crimes between 1st January 2022, and the latest date you have in 2025, in the Stepping Hill and Davenport community policing area or the policing beat which covers the above location? Would it also be possible to break the data down, so each year is shown separately please?

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information. I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 1st January 2022 and 30th September 2025, excluding cancelled crimes and crimes classified as fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

It also contains crimes within Stepping Hill and Woods Moor and Hazel Grove and Norbury Moor somewhere within the location fields. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

Due to low numbers being returned, some of the totals have been replaced with X, as by providing all this information as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
