FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/016089/Q

I write in connection with your request for information dated 05/01/2026, received by Greater Manchester Police (GMP) for the following information:

I wish to know how many members of police staff not officers were on medical redeployment on 2025 and how many successfully found new roles within GMP and the percentage that were in work during v off sick

I am wishing to understand not why people are on medical redeployment but the impact on people under the scheme.

Clarification - Medical redeployment is when a member of GMP staff can no longer work their contracted role so are places on a redeployment list where the redeployment policy should then be followed. GmpRecruitment1@gmo.police.uk will hold the number of medical redeployed staff that have been on the list or are on the list and where their role placed them including if it was through the policy or off the staff members own volition
