FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/016930/Y

I write in connection with your request for information dated 21/05/2026, received by Greater Manchester Police (GMP) for the following information:

The number of fatal and serious collisions broken down by year, 2024, 2025 and 2026 to date for:

- *17-24 year olds (or to the nearest available age breakdown)*
- *45-55 year olds (or to the nearest available age breakdown)*
- *All ages (total)*

If unable to provide the data broken down in the above age categories, please provide it to the closest age grouping available (e.g. 40-50).

Clarification

To clarify on the below request, please could the age breakdown pertain to the age of the driver. So number of serious & fatal collisions where a 17-24 year old was behind the wheel, same for 45-55 year olds, and then all ages.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police to locate information relevant to your request. I can confirm that the information you have requested is held by Greater Manchester Police.

Caveats

- The data contains all drivers involved in collisions classed as fatal or serious in the Greater Manchester area.
- Drivers refer to anyone driving a vehicle regardless of fault.
- The data includes all vehicle types except pedal cycles, e-scooters, mobility scooters and horses.

- There are blank/unknown age included in the All ages column.
- 2024 and 2025 data is unvalidated and is subject to change

Age	2024	2025	1 Jan to 31 April 2026
17-24	185	209	67
45-55	214	191	62
All ages (Total)	1530	1522	465
