I write in connection with your request for information dated 29/05/2026, received by Greater Manchester Police (GMP) for the following information:

Could I please request the crime statistics in the Rusholme area from the 1st of May 2026 till the 31st of May 2026.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information. I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes within b 'Rusholme West, Victoria Park, Birchfields Park, Rusholme, Rusholme East' and with a created date between 1st May 2026 and 31st May 2026 excluding cancelled crimes and crimes classified as fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

- We are aware of various system issues affecting committed at locations for new and migrated crimes (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.
- Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.

Due to low numbers being returned, some of the totals have been replaced with X, as by providing all this information as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
