

Date: 4th February 2026
Our ref: FOI/26/016294/T

FREEDOM OF INFORMATION REQUEST REFERENCE NO: FOI/26/016294/T

I write in connection with your request for information dated 02/02/2026, received by Greater Manchester Police (GMP) for the following information:

I've been instructed to produce a Crime Impact Statement as part of an outline planning application for a proposed residential development on land off Manchester Road West, Little Hulton. The site lies within the Little Hulton neighbourhood policing area.

Can I please ask you to provide the crime types and numbers of recorded crimes between January 1st 2023 and 31st December 2025 for the Little Hulton neighbourhood policing area? Would it also be possible to break the data down, so each year is shown separately please?

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information. I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between 01/01/2023 and 31/12/2025 where the community area is 'Little Hulton', excluding cancelled crimes and crimes classified as fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

We are aware of various system issues affecting **committed at locations for new and migrated crimes** (see below for details). These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.

- Some crimes do not have a beat code, which means that they cannot be mapped to other geographies e.g. districts.
- Some crimes have an incorrect beat code, which means that they are mapped to the wrong geographies.

Due to low numbers being returned, some of the totals have been replaced with X, as by providing all this information as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.

Crime Latest Classification: Crime Tree Level Four	2023	2024	2025
All other theft offences	120	93	104
Bicycle theft	6	9	X
Business and community burglary	10	20	10
