FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/016674/B

I write in connection with your request for information dated 06/04/2026, received by Greater Manchester Police (GMP) for the following information:

During the 2025 calendar year, how many temporary fixed position speed cameras were withdrawn from service that were positioned at a site where a temporary speed limit had been introduced because of road maintenance?

(This figure should include all those temporary cameras that were installed and removed during 2025 but also those installed prior to 2025 but subsequently removed during 2025.) For each of the temporary cameras referred to above please state:

- a) When was it installed?*
- b) When was it removed?*
- c) Where it was positioned?*
- d) What was the original speed limit on the road?*
- e) What was the temporary speed limit being enforced for the cameras?*
- f) In relation to the temporary speed limit
 - (i) what was the total number of violations of the limit that were detected by the system and*
 - (ii) and how many notices of intended prosecution were sent to motorists?**
- g) What was the highest speed or highest average speed recorded at this site and (if known) the make and model of the vehicle involved and the penalty imposed?*

NOTE: *As I am specifically asking about data from cameras that have been removed from service I believe that all exemption concerns relating to possible vandalism or law enforcement should not apply. Any attempt to apply such exemptions without rigorous reasoning will be vigorously challenged.*
