FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/016714/S

I write in connection with your request for information dated 15/04/2026, received by Greater Manchester Police (GMP) for the following information:

I am writing to request information under the Freedom of Information Act 2000 regarding motor vehicle theft.

Please provide, for the most recent full calendar year available:

1. The number of recorded thefts of motor vehicles, broken down by:

- * Vehicle make***
- * Vehicle model***
- * Year of manufacture (or age band if year is not available)***

2. If possible, please include a field indicating whether the vehicle was less than 5 years old at the time of theft.

3. If providing model-level data exceeds cost limits, please provide the data at make level with year of manufacture or age bands.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm some of the information requested is held by GMP.

However, GMP does not hold some of the information that you have requested in an easily retrievable format.

For GMP to be able to provide a response to this request it will require a substantial manual review of all the recorded thefts for the time periods requested. Our systems do not have a searchable field to be able to easily determine what items have been stolen/taken and so a review would be the only way to extract this information. This will also extend to locating if any information is held to determine the make, model and year of manufacture/ age band. For the time frame you have requested, there have been over 5000 records logged and so to review each one would far exceed the 18hr permitted to provide this information.

Therefore, as per **Section 12(1)** of the Freedom of Information Act 2000, the cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of locating and retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (Fees and Appropriate Limit) Regulations 2004.

In accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice.

GMP is obligated, pursuant to section 16(1) of the Act to provide you with advice and assistance on refining your request to bring compliance within the fees limit. In order for the force to attempt to keep this within the fees limit, the information you are requesting will need revising with a significantly smaller time frame. In addition, we could attempt a key word search by providing a list of car make names however this may provide additional searches that do not match your criteria. With any request that requires a manual review there is always a chance of a request being refused under S12 due to the enormity of work that is usually needed to provide the data, therefore the resulting response cannot be guaranteed at this point as it will be dependent upon the number of records that fall within the scope of any new request, as they would still have to be manually assessed.

Should you wish to refine and resubmit your request in line with the advice above please respond to freedomofinformation@gmp.police.uk.
