CAVEATS

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

This data contains crimes with a created date between '01 August 2025' and '31 July 2026', with crime location within 0.5 of a mile of point with an easting of 384,069 and northing 397,222, excluding cancelled crimes and crimes classified as non-counting fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.

We are aware of various issues with our crime recording system affecting committed at locations for some crimes. These issues mean that data for a specific location may include crimes that did not happen in that location and/or exclude crimes that did.

Due to low numbers being returned for some crimes, some of the totals have been replaced with X, as by providing exact figures as you have requested would significantly increase the likelihood of identifying the individual(s) concerned, and as such the exemption under S40(2) – Personal Information, would be engaged and result in information being refused. By replacing this data in this way, it can be provided in its entirety.
