FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/017333/N

I write in connection with your request for information dated 29/07/2026, received by Greater Manchester Police (GMP) for the following information:

Please provide the following data for each day during the period of the 2026 World Cup, June 11 2026, to July 19 2026, inclusive:

Daily Totals by Location: The total number of recorded domestic abuse incidents/crimes on each calendar day within the specified period, broken down by Community Safety Partnership (CSP) area (or Local Authority / Policing District if CSP is not readily available).

Force-Wide Daily Totals: If providing the daily breakdown by CSP/district would exceed the cost limit under Section 12 of the FOI Act, please provide the force-wide total for each individual calendar day within the period instead.

Please include all recorded domestic abuse incidents/crimes logged on those dates, regardless of whether "football," "World Cup," or a specific match was recorded as an aggravating or contributing factor.

If your force separately tracks or flags incidents specifically linked to football/match days, please provide that secondary count alongside the daily totals, if possible, within the cost limit.

I would appreciate it if the response could be provided in an accessible electronic format, such as a CSV file or an Excel spreadsheet (.xlsx), with dates in chronological order (day-by-day).

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate information relevant to your request. I can confirm that the information you have requested is held by GMP.

CAVEATS

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK Policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

Please note that this data includes all crimes with a Domestic Violence flag recorded between the 11th June - 28th July 2026, but only crimes that were committed on the specified dates, 11th June -19th July (inclusive) 2026. This is because a crime committed on those dates may not have been reported within the same timeframe. So the data above shows all crimes that occurred between those dates and has been reported up to the latest available date.

Please note that duplicates have been removed where possible.

The table shows a Grand Total per District, and for the Force. It then breaks it down into the number of crimes per day, again for each District and the Force.

The data provided for this request is subject to change as crimes are progressed and/ or updated.
