Our ref: 01/FOI/26/017452/T

FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/017452/T

I write in connection with your request for information dated 13/08/2026, received by Greater Manchester Police (GMP) for the following information:

Under the Freedom of Information Act 2000 I request the following information for the most recent three full calendar years available (or financial years if that is how the data is held), plus year-to-date if held:

1. *Number of recorded crimes*
2. *Number of charges / summonses (or equivalent positive outcomes leading to court)*
3. *Number of arrests*

broken down by:

- *Offence category: violence against the person, sexual offences, theft (including robbery where separately recorded), and drug offences*
- *Nationality of the suspect / offender (or, if full nationality breakdown is not held, a simple "UK national" vs "foreign national / non-UK national" split)*

Please provide the data in spreadsheet format (Excel or CSV) if possible, with separate tables or columns for each year and each offence category.

If the full nationality breakdown exceeds the cost limit or is not held in a retrievable form, please supply the UK / foreign-national split and advise what refinement would bring the request within the limit.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police to locate information relevant to your request. I can confirm that the information you have requested is held by Greater Manchester Police.

Caveats

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes with a created date between 01/01/2023 and 31/07/2026 where crime tree level 2 is 'violence against the person', 'sexual offences', 'theft offences', 'robbery', and 'drug offences', excluding cancelled crimes and crimes classified as non-counting fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.
- This data contains crimes with a latest outcome date between 01/01/2023 and 31/07/2026 where crime tree level 2 is 'violence against the person', 'sexual offences', 'theft offences', 'robbery', and 'drug offences' and the HO outcome is either 1 or 1A (Charges/Summons), excluding cancelled crimes and crimes classified as non-counting fraud. Further information about cancelled crimes can be obtained from the Home Office Counting Rules. Details regarding fraud crime can be obtained by contacting the NFIB.
- There may be more than one suspect attached to a crime. Suspects may be attached to more than one crime during this time period, which means that the data cannot be used to identify the number of unique suspects.
- We are aware of a system issue that allows arrest records to be created without being linked to a crime record, where a crime has been created on the system for the same instance. This is incorrect and will affect reporting which relies on arrest and crime records being linked

Any value between 1 and 4 has been marked 'X' as exempted from disclosure under **Section 40(2) Personal Information** – this information constitutes personal data of an identifiable living individual, and to disclose this information would breach the principles of the General Data Protection Regulation (GDPR) and the Data Protection Act 2018. Personal data is defined by Section 1 of the Data Protection Act 2018 and means data that relates to an individual who can be identified directly or indirectly from that data.
