FREEDOM OF INFORMATION REQUEST REFERENCE NO: 01/FOI/26/017587/H

I write in connection with your request for information dated 04/09/2026, received by Greater Manchester Police (GMP) for the following information:

I am writing with reference to FOI NO: 01/FOI/26/017504/O.

I would like to narrow the terms of the request, but please treat this as a new Freedom of Information Request:

For the period 1st to 7th August 2026 inclusive, please provide number of road traffic collisions recorded in this period that involve a driver/rider recorded as holding a non-GB licence.

As you say in your previous response, this covers 245 incidents.

I believe it is reasonable that these could be checked within the 18 hours of time that you cite.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate information relevant to your request. I can confirm that the information you have requested is held by GMP.

However, GMP does not hold the information that you have requested in an easily retrievable format. To provide the data requested would involve a manual search of all collision records to establish if a non-GB licence holder was involved. It is also worth noting that whether the licence of the parties involved was issued in the UK is not a mandatory recording requirement, so for many cases this will not even be recorded.

A search of our collision records shows that there are 245 records that would have to be manually reviewed. At a very conservative estimate of 5 minutes to locate, retrieve and review

each file it would take approximately 20 hours to ascertain the data required. Therefore, to comply with the whole of your request the process would take over 18 hours' work which exceeds the appropriate limit of £450.00, the amount to which we are legally required to respond.

As per section 12(1) of the Freedom of Information Act 2000, the cost of providing you with the information is therefore above the amount to which we are legally required to respond i.e. the cost of locating and retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (Fees and Appropriate Limit) Regulations 2004. If one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is locating, retrieving and extracting any further information would only add to the already exceeded time obligations and so no other searches have been completed at this stage.

In accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice.

GMP is obligated, pursuant to section 16(1) of the Act to provide you with advice and assistance on refining your request to bring compliance within the fees limit. For the force to keep this within the fees limit, the information that you are requesting will need to be reduced to a greatly reduced time period. The resulting response cannot be guaranteed at this point as it will be dependent upon the number of records that fall within the scope of any new request, as they would still have to be manually assessed.
