The Appropriate Authority will strive to publish notification of hearings 10 days before the hearing date on the GMP website. Occasionally there may be delays causing the time to be shortened. In any case the publication will be added as soon as practicable.

In this situation there has been a delay due to other circumstances out of Professional Standards Directorate control. There has therefore been an oversight on the date for representations to be submitted. We apologise for this and can confirm that it was by no means intentional.

This hearing has since been cancelled for other reasons and will be rescheduled to another date.
