* if offender ages have been recorded in the logs for these crimes, please report separately for Under 18, 18 and over, and Unknown

Looking at the response you have provided, I do not appear to have separate data for offence codes for sexual activity with children under 13, and with children under 16. The response for all offence codes is also not broken down into the individual subcodes as requested (e.g., numbers for 01907, 01908 etc). Would it be possible for you to send these numbers through? The greater granularity we have for these data, the more accurate a picture we will have of the prevalence and severity of sexual offences against children, so I am really hoping you can help.

I am also trying to match the crime outcomes you have listed with the official 1-22 that are listed by the home office. All forces phrase things slightly differently on their own databases, so I prefer to get confirmation, rather than guess. If you could please provide me with matching home office outcome numbers for your in-house crime outcome labels, that would be extremely helpful.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate information relevant to your request. I can confirm that the information you have requested is held by GMP.

Caveats:

The month relates to when the crime was recorded and not when the incident occurred.

Where possible duplicates have been removed.

There Are currently no HO Codes 016 Buggery related offences or 018 codes for Indecency between males. Therefore Qu. 4 & 5 (6 & 7 are a duplicate of this) cannot be answered.

In relation to Qu, 9 there are no crimes recorded for the HO Codes 023/12 & 023/13 to record the Offender ages for.

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.
