***I would like you to provide this information in the following format:

Clarification.

The most relevant crime type I can find in relation to this request is 58A 'criminal damage – residential'. Please can you let me know if you would like us to proceed with this method or if you have other requirements for this request.

yes, Criminal Damage (residential) would be correct, cheers.

Result of Searches

Following receipt of your request searches were conducted within Greater Manchester Police (GMP) to locate the requested information and I can confirm the information requested is held by GMP.

Caveats:

In July 2019, GMP implemented one of the largest IT infrastructure changes in UK policing. The systems are in continual development and the data provided for this request is what the systems currently hold.

- This data contains crimes recorded under the Home Office classification 58A 'criminal damage – residential', with a created date between 01/01/2023 and 31/12/2023, excluding

cancelled crimes. Further information about cancelled crimes can be obtained from the Home Office Counting Rules.

- "Broken down into the type of vandalism" would require a manual review and as such would result in refusal, therefore this report has provided the totals only as requested.
